Kindergarten

Personal care is taken for the KG kids. A happy and safe environment is created so as to make kids feel at home. We foster our student's love for learning, encourage them to try new and exciting things and give them a solid foundation to build on. Amenities like Kids' corner (Playway teaching), an artificial swimming pool, Pet corner and Kids' computer center (Visual-based education) are introduced to make their learning an enjoyable and memorable one. Dedicated and well-experienced Anglo-Indian teachers train our students to converse fluently in English, and also to develop their reading skills. Every child is unique, and we at Vijay Vidyalaya understand that fact. We cater to the discrete needs of every individual student. Hand-made puppets, colorful books, toys, play material and audio-visual media are used to aid basic learning, encouraging study by observation.

Children must be taught how to think, not what to think.
